HUGE SAVINGS ON GRANITE PLATES & STANDS

Constructed of natural fine-grain granite, these Mitutoyo Black Granite Surface Plates are free from burrs, protrusions, rust, and wringing, making them ideal for precision measurement platforms. The granite plates are twice as hard as cast iron plates and feature superior flatness, non-magnetic properties, and longer service life resulting in low maintenance costs and better accuracy. **These are "A Inspection Grade" plates that meet or exceed GGG-P-463c. An NIST traceable Certificate of Accuracy is included with each plate.**

Code Number	Description	Regular List	Special List Price
517-819	48 x 72 x 10 Plate	\$11,078.00	\$7,602.00
517-969	48 x 72 Stand	\$1,927.00	\$1,638.00

*Measurements above are in inches
